talking)

Girl you know we belong together

I don't have time for you to be playing with my heart
like this

You'll be mine forever baby

You just wait

(singing)

We belong together

And you know that I am right

Why do you play with my heart

Why do you play with my mind

Said we'd be forever

Said it'd never die

How could you love me and leave me and never

Say goodbye

When I can't sleep at night

Without holding you tight

Girl, each time I try I just break down and cry

Pain in my head

Oh, I'd rather be dead

Spinning around and around

(chorus 2x)

Although we've come

To the end of the road

Still I can't let go

It's unnatural

You belong to me

I belong to you

Girl, I know you really love me

You just don't realize

You've never been there before

It's only

Your first time

Maybe I'll forgive you

Maybe you'll try

We should be happy together forever

You and I

Will you love me again

Like you loved me before

This time I want you to love me much more

This time instead

Just come to my bed

And baby just don't let me go

chorus

(talking, except things in parentheses)

Girl, I'm here for you

All those time as night

When you just hurt me

And just ran out with that other fella

Baby I knew about it

I just didn't care

You just don't understand how much I love

Do you?

I'm here for you

I'm not about to go out on cheat you

(Maybe I'll forgive you)

Just like you did

But baby that's alright

I love you anyway

(Maybe you will try)

And I'm still going to be here with you until my dying
day

(We should be happy together forever)

Right now

I'm just in so much pain

Cuz you just won't come back to me

(You and I)

Will you?

Just come back

(Lonely)

Yes baby, my heart is lonely

(Lonely)

My heart hurts

(Lonely)

Yes, I feel pain too

Baby please

(back to singing)

This time instead just come to my bed

And baby just don't let me go
