#### Verse 1

When i first saw you i had nothing to compare to  
How could i recognize the man of a life time  
But when you first told me of the secrets deep within  
me  
I had to admit  
This is it  
If it not had been fortold  
The love that would unfold  
Cant wait til it overflows  
Just look no one even knows  
I cant deny it  
Im ready to try  
When i look in your eyes  
I feel butterflies

#### Chorus

Ya ya pa pa  
M-a-n m-a-n m-a-n  
Man oh man  
Man of a life time

#### Verse 2

You know i had to get near you cause  
Your pullin my trigger duck  
Im bout to blow  
I think you know your fullfilling my fantasies  
I had before you and me  
You knew without know  
And my mind is blowing  
Come take a trip  
Come take a dip  
I think i knew what eve felt before they slipped  
Safe in your arms  
Deep in your arms  
Ive waited so long to sing you this song  
Chorus
