(chante moore / james harris iii / terry lewis)

I dont need anything,  
cause when Im close to you,  
Something happens to me.

Well, it doesnt take, candlelight, baby,  
And it doesnt take, romantic music, no,  
The flowers you bring, make me smile but oh baby,  
I dont need the violins, as the moon shines down and  
then,  
Well, it dont take much for me to do, it just takes you.

And I am in the mood, boy it only takes you,  
And I am in the mood, your love puts me in the mood,  
And I am in the mood, boy it only takes you,  
Doesnt take much for me to get in the mood,  
(Im in the mood).

Well, it doesnt take, raindrops from the sky,  
And it doesnt take, sunrise in the spring,  
All of these things, are so beautiful, but,  
What I found, when youre around me,  
Music plays, the sun is rising,  
Rain falls and flowers bloom,  
When Im with you (when Im with you).

And I am in the mood, boy it only takes you,  
And I am in the mood, and I am in the mood,  
And I am in the mood, boy it only takes you,  
Doesnt take much for me to get in the mood,  
(Im in the mood).

[solo]

I dont need the violins, as the moon shines down and  
then,  
Well, it dont take much for me to do, it just takes you  
(just takes you).

And I am in the mood (I am in the mood), boy it only

takes you,  
And I am in the mood (I am in the mood), just takes  
you,  
And I am in the mood, boy it only takes you,  
Doesnt take much for me to get in the mood,  
Im in the mood.
