I lie half awake...
late at night.
I reach out to touch you,
to feel you by my side.

And I reach, And I reach,
But I never get to feel you.
Will I ever get to feel you..again?
Again...

Just one more time, one more moment,
to take you in my arms.
One more chance, one more kiss,
before I wake to find you gone.

One more time,
before I have to face another day
And my heart breaks...again

It's only a dream,
but it's also real.
I don't want it to end,
but I know it will.

so I pray and I pray.
Every night I'm on my knees.
Begging for the chance to see you again.
Again..

Just one more time, one more moment,
to take you in my arms.
One more chance, one more kiss,
before I wake to find you gone.

One more time,
before I have to face another day
And my heart breaks...again

-saxophone part-

Oh..One more time,

before I have to face another day
And my heart breaks...again
