Workin' hard to make a livin'  
Till the sun goes down without fail  
Work my fingers to the bone  
Get nothin but union scale  
And when that whistle blows I ready  
Thank God it's Friday night  
On the weekend I let loose until the mornin" light

### CHORUS

And I think you better hang on for your life tonight  
I think you better hang on for your life tonight

My body's like an engine  
Well tuned and runnin' hot  
Strap your seat belts on ya'  
I'm gonna show you what I got

It's a got 400 horse power  
And the road up ahead is clear  
Gonna take this car of mine  
And shove into gear  
Yeah

### CHORUS

You better hang on for your life tonight  
I think you better hang on for your life tonight  
You better hang on  
Well hang on  
You better hang on yeah

Punctured from the pressure  
Seems this whole damn life's been a fight  
I need a drink of somethin' strong  
To feel alive tonight

There's danger on the highway  
When you hell raisin' on the run  
And ya' know if summer lasts tonight  
We're gonna have some fun

## CHORUS

You better hang on for your life tonight  
I think you better hang on for your life tonight  
You better hang on  
Well hang on  
You better hang on OH

Hang on for your life tonight  
I think you better hang on for your life tonight

Hang on for your life tonight (repeat 3x)  
Hang on for your life
