Somewhere in your heart  
Inside a man there lives a boy  
And his eyes cut through the smoke  
His ears cut through the noise  
Ask a lonely boy  
He'll tell you only fools would wait  
To reach out for those who need  
Too soon they're gone and it's too late

Seasons go on  
I see you still there holding on  
Time goes on  
You just hold on, hold on

And somewhere in your heart  
There lives a child with open eyes  
And he keeps us hanging on  
He knows every dream we hide  
Just like a boy who reached to high  
His dreams crashing to the floor  
We all need a hand to reach to  
We grip tighter than before

A new day dawns  
You see yourself still there holding on  
Time goes on

There's a voice screaming out somewhere (In your heart)  
Crying out of you somewhere (In your heart)  
There in your heart  
Reach out to the night (Somewhere in your heart)  
The hand that plays the part (Somewhere in your heart)

New day dawns  
I see you still there holding on  
Time goes on

Somewhere in your heart  
A kid from the street with open eyes  
Just like a girl with broken love

We just can't be alone tonight  
Somewhere it all, all breaks even  
As we're running through the door  
In the still of night we surrender  
It doesn't matter who you are

There's a voice crying out somewhere (In your heart)  
Screaming out of you somewhere (In your heart)  
Yes in your heart  
Reach for a hand to hold (Somewhere in your heart)  
You're going through the door (Somewhere in your  
heart)  
Reach out to the night (Somewhere in your heart)  
To a hand that plays the part (Somewhere in your  
heart)
