[Lula] "Danse Danse Danse"  
(Bernard Flavien/François Jeantet) adaptation  
anglaise Bethanee Bishop

Ho baby, swing and shout, ho baby-doo, blush ! hush !  
Ho baby, I want to sweat some pearls  
and do what you do to do to all those girls

Years ago the boys and girls were not like today  
Boys are thinking "have your way" and the girls say  
"yeah"  
Now, the difference, you know what I mean  
Girls do need to have fun (fun fun fun fun)  
Youth, the difference when she says to you :  
"I want to hold your (hand) " (back back back)  
"I want to hold your hand" (Yeah hÃ© !)

Boys and girls, dancing all the night  
Boys like girls, the girls who kiss and tell  
Boys and girls, don't you be too shy  
Boys and girls, love games together

Ho Baby, swing and shout, ho baby-doo, a blush ! hush  
!  
Ho baby, I want to sweat some pearls  
And do what you do to do to all those girls

Years ago, the words of love were not like today  
"Hey let's go, stay, baby!" and the girls say "yeah"  
Though you're good as a rock n' roller, she loves love  
in the summer  
Girls today are so more than sincere  
They want to hold your! They want to hold your hand

Boys and girls, dancing all the night  
Boys like girls, the girls who kiss and tell  
Boys and girls, don't you be too shy  
Boys and girls, love games together  
Boys and girls live on video oh oh  
Boys like girls, girls who steal the show  
Boys and girls, always on the go

Boys and girls, love games forever

Oh Baby, oh Baby  
Boys and Girls

Boys and girls, dancing all the night  
Boys like girls, the girls who kiss and tell  
Boys and girls, move your body tight  
Boys like girls and the girls say "yeah !" (The girls of  
today)  
Yeah (Yeah) yeah (Yeah) yeah (Yeah)

Boys and girls, dancing all the night  
boys like girls, the girls who kiss and tell  
boys and girls, don't you be so shy  
boys and girls, love games together

boys and girls, dancing all the night  
boys like girls, the girls who kiss and tell  
boys and girls, don't you be so shy  
boys and girls, love games together (the girls of today)

Boys and girls, boys like girls, boys like girls, boys like  
girls  
(The girls of today, the girls of today).
