A yo, this is the way we lay down on the L train
Yo, help me out now, yo, yo

A, yo, Black, I need help
I mean immediately and right away
Every single day I swear I'm gonna find a better way
My enemies are testing me, dissing me and grilling me
Yesterday they cornered me and beat me down
repeatedly

Imagine me now, it's like I'm Mr. Negativity
It's hard when you're packing, devils start attacking
I got no time for running, no time for hiding
Now, I got my crew and we about to get violent

So clear the streets, shake the cops
Lets go, get these punks
Are you all down? Yo nobody better front
Sometimes I am a player, sometimes I am a pawn

No energy to run but I gotta carry on, I resurrect myself
Lazarus, he was a man who died through the power of
faith
He came to rise, open up your eyes and spy Lazarus
Better yet open up your heart, y'all imagine this

Riding on the train, riding on the L train
I don't got no problems, no more, no more
No riding on the train, cruising on the L train
I will reach my destination for sure I know

A, yo, Black, help me out
I mean immediately and right away
Meager is my property and I don't got a hideaway
My enemies will badger me, track me down and
capture me

Yesterday they cornered me and beat me down with
heresy
Imagine me, they used to call me Mr. Positivity
Hard when your slacking, devils are attacking
I get no satisfaction, I get no gratification

In it for myself, no allegiance, or a nation to call my
own
From my mind to my microphone
To your ear drum, listen closer 'cause here it comes
Sometimes I am a player, sometimes I am a pawn
No energy to run, still I got's to carry on

I resurrect myself
Lazarus, he was a man who died through the power of
faith
He came to rise, open up your eyes and spy Lazarus
Better yet open up your heart, y'all imagine this

Riding on the train, riding on the L train
I don't got no problems, no more, no more
No riding on the train, cruising on the L train
I will reach my destination for sure I know

Now check it out to the bright and early morn'
We keep it on, nobody can ever know the planes that
we on
Sometimes we are the players, sometimes we are the
pawn
We always carry on, we gotta carry on

To the bright and early morn', we keep it on
Nobody could ever know the planes that we on
Sometimes we are the players, sometimes we are the
pawns
We always carry on, we gotta carry on

Riding on the train
(On the train)
Riding on the L train
(On the L train)
I don't got no problems, no more, no more, no
Riding on the train
(On the train)
Cruising on the L train
I will reach my destination for sure I know

Riding on the train
(On the train)
Riding on the L train
(On the L train)
I don't got no problems, no more, no more, no
Riding on the train
(On the train)
Cruising on the L train
I will reach my destination for sure I know

Riding on the train
(On the train)
Riding on the L train
(On the L train)
I don't got no problems, no more, no more, no
Riding on the train
(On the train)
Cruising on the L train
I will reach my destination for sure I know

The supernatural forces of everything that's good
The supernatural forces of everything that's good
