Beautiful Music
Spoken word intro...
Beautiful Music
Unadulterate soul,
When the air all of a sudden
Feels very light
It's like looking at the sky
And the sky is just enough

In the beginning there was the word
The message here is that important,
Before it all there was the word
It is, I am, we are the world
In the beginning there was the drum
To carry all the words much further
Down the road to deliver the news
To whom so ever wants it, come
Let the word, not be far from me,
Let the feeling come
Beautiful Music
For Beautiful People
Listen to it all life long
Beautiful Music
For Beautiful People
Beautifully formed, it is perfect
Because it pays it's homage back
Back to the beginner's council
Everybody has to know
I listen to the music, that feeds my soul
To free myself, from the crooked,
Though, I walk into the valley,
I am not without
It is, I am
We are the world
Given that we love
Then there's no lack of love
Give it to your self
Give yourself love
Beautiful Music
For Beautiful People
Listen to it all life long

Beautiful Music
For Beautiful People
Beautiful sounds
For Beautiful People
Beautiful sounds
For Beautiful People
Beautiful Music
For Beautiful People
Listen to it all life long
Beautiful Music
For Beautiful People

Spoken Word outro...
The poets spoke through the drum
And told grate stories passed down
Through the persistence of time and space
The stories never end
The joy is for all, if you choose to embrace it
And when the sweet sound
Of the human voice
Hits the pallet
And brings to it
Sweet words of liberation
From the tensions of our land
It is then that we reach
Frontier
