I don't want you to be gone when I come back
I want you to be here, especially when I am down
and I'm out and I can't get no love
That's why I come to you, that's why I come to you
I am so sad I can't even explain it
I want you to know,
but I don't want to see you get hurt any more than
you've already been
It's all in my head.
It won't get out of my head

Why does it hurt when I cry
I'm running out of tears,
I think I'm dry now
It feels so good to let it go.
It feels so good to let you know

I am so glad when you talk to me
and make me feel like I'm someone important
You make me feel special inside
I don't have to run and hide
You accept the things I say,
you hear every word I say
You sit there and listen to all I have to say
I know it's not easy to understand me and the way that I
feel,
I can't believe you're real
You love me for who I am
I thank you, you're my friend
