How do I feel?  
I don't know, I don't know  
All I know is you're here at the show  
I asked you to come to, so I could see your smile  
You're so beautiful, say you'll stay a while  
The show's done.  
We've had fun  
Let's go get some Denny's  
But wait, girl - my curfew  
Let me call my mommy

Mom can I go to Denny's  
No! Get home! It is getting late

How do I feel?  
I think I know, now I know  
You're just so rad,  
I don't want to let you go  
Good night, my sweetheart  
I'll be thinking of you  
Call me up so we could talk.  
I'd really, really love to
