We are all the same people
We just live different lives
Some live for pleasure
Some live for fame
If that's how you want to live, go ahead
It's not a game
I live for Jesus Christ
He filled up my hollow heart

Woah oh oh oh, whoa oh.

You tell me that you serve yourself
Then why are you controlled by your flesh
Kill it now, or you'll die later
You'll be better off safe than sorry
Die quickly or live with Him
Give your life to God
He will never leave you lonely.
