Where are the words to describe what I feel right now  
What else can I say to make the anger go away  
Nothing more, nothing less - just a bit of bitterness  
What happened to the smiles of yesterday

I'm sorry... it's O.K...  
Let's forgive and live another day  
I'm sorry... it's O.K...  
Let's stop fighting, there's a better way

We're brothers in the Lord, yeah,  
so why can't we just hold our tongues  
"If you can't say nothing nice, don't say anything at all"  
Now is the time for us to put an end to all the madness  
Anger brings hatred... it's your call

I never said it would be easy  
Let's work this out, let's compromise  
Look me in the eyes and say that you don't care  
How could you let what we had die  
Just try...
