Somehwere in my mind the bottle is breaking  
way up in the sky the stars keep falling.  
She said it wouldn't hurt but only for a moment.  
Now she's left and gone still holding my heart.  
Somehow I thought I knew what I was doing  
it wasn't supposed to turn out quite like this.

I stayed true to the plans that we made.  
Now all that we have to hold is a memory

Look into my eyes and call me crazy,  
cause I know there's plenty more where this came  
from.  
Stand in front of me and then just maybe I'll walk right  
on by  
Just like I said I would.  
Walking back to the place where she first left me  
I'm downing in my fears cause I feel alone.  
She whispers in my ear help come and find me when i  
turn  
and look I find only myself.  
She used to tell me "hey baby, I love you"  
Now all that stuff is dead and gone.  
I stayed true to the plans that we made  
now all that we have to hold is a memory.
