Charlie Rock Presents
"Missing You"

Girl, you gave me all the love a man would ever need
But all I did was hurt you
You were always there for me to care for my needs
And I never said I loved you, I never said I loved you
So now you're gone, you left me all alone
I never felt so empty, I know what was wrong
I took your love for granted baby
Now I know when you have something good you don't
let it go

Chorus:
Oh baby, when you walked away from my arms girl
Oh I've been missing you, missing your love baby
Since you said goodbye to me girl
Oh I've been missing you, I'm missing your love

I always try to hide the way I really feel
But you opened my eyes girl
You made me realize I need you in my life
I really truly love you, I really truly love you
One more chance, that's all I'm asking for
And I would never make you walk out the door
I took your love for granted baby
Now I know when you have something good you don't
let it go

Oh baby, when you walked away from my arms girl
Oh I've been missing you, missing your love baby
Since you said goodbye to me girl
Oh I've been missing you, I'm missing your love
I never thought that I would cry for you
But I've been missing you, missing your love baby
I need you to hold me tight
Love me baby through the night
I'm missing you, I'm missing your love

Girl I know that I need you
And everything I promise I will do
So hold me tight and don't let go
'Cause I will give you love girl from my heart and my
soul

When you walked away from my arms girl
Oh I've been missing you, missing your love baby
Since you said goodbye to me girl
Oh I've been missing you, missing your love baby
I never thought that I would cry for you
But I've been missing you, missing your love baby
I need you to hold me tight
Love me baby through the night
I'm missing you
