I'm gonna buy me a jukebox and put it in the den  
And decorate the walls all barroom style  
I'm gonna hire a bartender and invite all your friends  
Then maybe you'll stay home once in a while.

I've tried so hard to change you but you keep drifting  
back  
To all the things you used to do on the wrong side of  
track  
So I've made up my mind right now here's what I'm  
gonna do  
Gonna fill our house with things that bring happiness to  
you.

I'm gonna buy me a jukebox and put it in the den  
And decorate the walls all barroom style  
I'm gonna hire a bartender and invite all your friends  
Then maybe you'll stay home once in a while.

If you can't beat 'em join 'em you've heard that said  
before  
And I guess I'd better join you cause I keep comin' back  
for more  
And I'd rather take you like you are and lose to  
someone new  
I guess it's love what makes me do the silly things I do.

I'm gonna buy me a jukebox and put it in the den  
And decorate the walls all barroom style  
I'm gonna hire a bartender and invite all your friends  
Then maybe you'll stay home once in a while.

Then maybe you'll stay home once in a while...
