(Cindy Walker)

Oh, I go anywhere, anywhere to forget you  
Anyplace to be where there's no memories  
I go anywhere anywhere to forget you  
To forget how you forgotten me.

They may tell you how I changed dear  
How I follow where the wild crowds always go  
They name places where they've seen me  
And I guess it's true but here's what you should know.

I go anywhere, anywhere to forget you  
Anyplace to be where there's no memories  
I go anywhere anywhere to forget you  
To forget how you forgotten me.

--- Instrumental ---

Yes, I go anywhere, anywhere to forget you  
Anyplace to be where there's no memories  
I go anywhere anywhere to forget you  
To forget how you forgotten me...
