Well, let's go fishin' boys the girls are bitin'  
The weather's nice and they sure look invitin'  
They're jumpin' in the lake so let's not hesitate  
Let's go fishin' boys the girls are bitin'.

We'll comb our hair and drive real quickly uptown  
We'll take the red convertible with the top down  
For what I've got in mind we'll have to test our line  
If we use the wrong bait we'll get let down.

So let's go fishin' boys the girls are bitin'  
The weather's nice and they sure look invitin'  
They're jumpin' in the lake so let's not hesitate  
Let's go fishin' boys the girls are bitin'.

--- Instrumental ---

Meet you right at home and take some cash to carry  
For girls a tackle box ain't necessary  
You won't need a hook we ain't fishin' by the book  
If we catch a nice one we'll get married.

So let's go fishin' boys the girls are bitin'  
The weather's nice and they sure look invitin'  
They're jumpin' in the lake so let's not hesitate  
Let's go fishin' boys the girls are bitin'.

Let's go fishin' boys the girls are bitin'.  
Yeah let's go fishin' boys the girls are bitin'...
