Smokin' cigarettes smart the card drinkin' coffee by
the town
Slowly foolin' my hair out by the roots
Acting funny lookin' at the mirror makin' faces like a
clown
Just sittin' here waitin' for the man in the little white suit.

Everybody told me you would drive me crazy
And they said you'd had me barking like a hound
But a fooling loving enough since to listen
Now my barking is the gossip of the town.

Smokin' cigarettes smart the card drinkin' coffee by
the town
Slowly foolin' my hair out by the roots
Acting funny lookin' at the mirror makin' faces like a
clown
Just sittin' here waitin' for the man in the little white suit.

--- Instrumental ---

Just a crazy fool to believe the things you told me
I hate to say to foolish you know who
I'd sooner be the victim of a hanging
Then to be a fool I am because of you.

Smokin' cigarettes smart the card drinkin' coffee by
the town
Slowly foolin' my hair out by the roots
Acting funny lookin' at the mirror makin' faces like a
clown
Just sittin' here waitin' for the man in the little white suit.

Yeah, I'm sittin' here waitin' for the man in the little
white suit...
