(Carmol Taylor)

You're just as wild as a wildcat and you got your claws
in me
Scratchin' out my poor old heart and slowly killing me
I'd like to break your pretty neck but what good that it'd
do
You're gonna get the best of me just like you always
do.

Well, I said when I first met you now here's the one for
me
A girl that's different from the rest at least you seemed
to be
Oh, how I let you fool me with that sweet and tender
smile
But look how things have changed and we went walking
down that Isle.

You're just as wild as a wildcat and you got your claws
in me
Scratchin' out my poor old heart and slowly killing me
I'd like to break your pretty neck but what good that it'd
do
You're gonna get the best of me just like you always
do.

--- Instrumental ---

I don't know what I'll do with you I just can't tame you
down
Every night we're in and out of every bar in town
Dancing drinking on the crowd it's ain't the life for me
Before I fisnish once more drink you had two or three.

You're just as wild as a wildcat and you got your claws
in me
Scratchin' out my poor old heart and slowly killing me
I'd like to break your pretty neck but what good that it'd
do
You're gonna get the best of me just like you always

do.

You're gonna get the best of me you little wildcat you...
