Hello darling did I awaken u?

I know that it's late

But there's something I've got to tell u

We only been together a very short time

But it seems that you're the only thing on my mind

2 everything else I have become blind

I don't know how u feel about me

But you're the only one I wanna see

So strong, so strong, this feeling I got 4 u is so strong

Only 4 a very short time I've known u

And already I feel like I was born 2 hold u

I don't know how you feel about me

But baby u are all that I wanna be-so strong

And you're so beautiful

With u I feel I have everything

U make me wanna laugh and cry

U make me wanna sing

If I could make u happy as u make me

Then my darling life would be complete

I owe u 4 the feeling when our eyes meet

I don't know how u feel about me  
But you're the only one I wanna see  
So strong, so strong this feeling I got 4 u is so strong  
Only 4 a very short time I've known u  
And already I feel like I was born 2 hold u  
I don't know how u feel about me  
But baby baby you're all I wanna be--so strong  
(this feeling I got 4 you, so strong)  
If I could make u happy as u make me  
Then my darling life would be complete  
I don't know how u feel about me  
But baby baby you're all I wanna be  
So strong so strong this feeling I got 4 u is so strong  
Only for a very short time I've known you (so strong)  
And already I feel like I was born 2 hold u (so strong)  
I don't know how u feel about me  
But baby you're all that I wanna be (so strong)  
so strong, so strong, so strong, so strong [repeat, fade
