

She Said Fire "Better Ways"

Visit "[Better Ways](#)" on MotoLyrics.com

Before you carry me to safety
Before I get what you deserve
Before we drink and blame the alcohol
Before I bleed to make you hurt

I'm choosing better ways of proving I'm not afraid

CHORUS:

We'll just stop in for the night
We'll just set things all right
Be sure this time
If we're falling off the ride
If I sing you a lie
Be sure this time

Before you rattle our mementos
Before I wish that I'd gone home
Before we scream and blame the amplifiers
Before I decorate our ghosts

I'm choosing better ways of proving I'm not afraid
I am choosing better ways of proving I'm not afraid at
all

CHORUS

Further down the way, I'll forget the reasons
I could never stay, I could never sleep in
Further down the way, I'll forget the reasons
I'm choosing better ways of proving I'm so afraid

CHORUS 2:

We'll just stop in for the night
We'll just let these wrenches fly
Be sure this time
If we're falling off the ride
If I'm singing 'goodbye'
Be sure this time

We'll just stop in for the night (3x)
