(Gladys Johns Scaife/Ronnie Scaife/Daniel Hogan)

Your home has been a 4-lane highway  
Just like my nights, they're oh so long  
You sing a song, I did it my way  
That doesn't mean it's right or wrong  
Used to be we made love  
We seldom make it anymore

CHORUS:

Lay something on my bed besides a blanket  
Dreams won't keep me warm when it's cold  
Lay something on my bed besides a blanket  
Somethin' big & strong, somethin' to hold onto

Just take the time & lay beside me  
You won't need words to understand  
This heart of mine just wants to please you  
& you're the only one that can

(chorus x2)
