Chours

(Boy Part)

She knows what I want

She knows what I like

She knows when I'm wrong

She knows when I'm right

She knows what it takes to get next to me

(Girl Part)

I know what you want

I know what you like

I know when your wrong

I know when your right

(boy part)

She knows what it takes to get next to me

We'll aparently your the only girl that can handle me

take care of me for that reason shit I see that you

charish me

you selfishly fet mad when all them other bitches stare
at me.

I'm glad to see you can hold me down like gravity

I have to be stupid just to ever ever cheat on you i lean

on you and in the bed the only time i beat on you what

we go through is different we fight then get intiment

the shit here is getting serious and marriage now i'm

sencing it but t need sometime just to get my thoughts

and peace of mind and i know i broke your heart so you

get a peice of mine weep and mine cause we done

made it thought decent times they want to know why i

wanta make you my mife.

(Chours)

You were down for me girl when no one was

when i was down and out you gave me kisses and hugs

I paid little attention you always show me love

not knowing you were an angel from the heavens

above
