We set the world on fire (YEEAAAHHH)
Shop Boyz set the world on fire

[Chorus]

And now they can't get up (x4) (YOUUUUA)
We set the world on fire (YOUUUUA)
Shop Boyz set the world on fire
And now they can't get up (x4) (YOUUUUA)
We set the world on fire (YOUUUUA)
Shop Boyz set the world on fire

[Verse 1]

These sucker flames, and we the torch that's scorching
they're asses
It's like a movie
And B he's supporting the cast
I like the flash, watch them burn, that's part of the tab
They turnin' into ashes
We got the whole industry mad
It was the swag that the cock suckers was hatin' on
That's the same swag that them Shop Boyz done made
it on
You gone from having nothing to having everything
you desire
And that's how you know you set the world on fire

[Chorus]

[Verse 2]

We puttin' work in, hard, stayed on the grind
Set the world on fire, yep, it's Shop Boyz time
Stay stuntin' gettin' money, boy it's our time to shine
Yo, we took off like a rocket, leavin' nigga's ass behind
Heard I get money, #1 hood song
Straight from Bowen Homes, nigga, oh we can't go
wrong
Eveytime we in the club, all the people go bizzare
Cuz they know we party hard like some fuckin' rock
stars

[Chorus]

[Verse 3]

Another song is set (youuuua) it sparked the world like
a lighter

Ay man we came hard

Set the world on fire

Started in Atlanta, ran all through the south

Got on deck in every city, it's Shop Boyz in every house

Put my team on my back, and i got my swag right

I look good for the camera, and i give them what they
like

I got my mind right, and bitch i got bread

Grab the world by the feet, and throwed it's ass on the
head

Hey

[Chorus]
