I don't know if it's right; I did it by ear :)

I think I've a bit too much of you my dear  
And I keep saying I'm a tolerant soul  
But does your boyfriend know I'm locked between your  
air  
But does he know that I'm wearing your clothes So

I made up the soul much yet must hurt  
As I'm watchin' you watchin' you  
Take off with your off with your take

I made up the soul much yet must hurt  
As I'm watchin' you watchin' you  
Take off with your off with your take

Close your eyes and I will kiss but not tell  
I can't be naughty coz i'm already going to hell  
Now when you wake up I remove your make up  
And when we break up I promise to wait up  
All night long screaming  
I will, I will, I will, I will fix you

I'm counting seconds until each and every breath  
And I keep saying I'm a tolerant soul  
And I swear I'll become the heart within your chest  
now leave me reading the signs on the side of the road

I made up the soul much yet must hurt  
As I'm watchin' you watchin' you  
Take off with your off with your take

I made up the soul much yet must hurt  
As I'm watchin' you watchin' you  
Take off with your off with your take

Close your eyes and I will kiss but not tell  
I can't be naughty coz i'm already going to hell  
Now when you wake up I remove your make up  
And when we break up I promise to wait up  
All night long screaming  
I will, I will, I will, I will fix you

I will, I will, I will, I will fix you

Don't go don't go this one's for you  
I had my turn I screamed hey hey  
Your right this told me to love you  
And so I threw them all away

Don't go don't go this one's for you  
I had my turn I screamed hey hey  
Your right this told me to love you  
And so I threw them all ah

Close your eyes and I will kiss but not tell  
I can't be naughty coz i'm already going to hell  
Now when you wake up I remove your make up  
And when we break up I promise to wait up  
All night long screaming

I will, I will, I will, I will oh oh  
I will, I will, I will, I will fix you  
I will, I will, I will, I will fix you  
I will, I will, I will, I will fix you  
I'll fix you
