I think I've had a bit too much of you my dear
And I keep saying I'm a tolerant soul.
But does your boyfriend know I'm locked between your
ears?
And does he know that I'm wearing your clothes, so

I mean this so much it must hurt
As I'm watching you, watching you, take, off with your,
off with your, take
I mean this so much it must hurt
As I'm watching you, watching you, take, off with your,
off with your, take

Close your eyes and I will kiss but not tell
I can be naughty cos I'm already going to hell
And when you wake up I'll borrow your make up
And when we break up, I promise to wait up
All night long screaming I will, I will, I will, I will, fix you.

I'm counting seconds until each and every breath
And I keep saying I'm a tolerant soul (soul)
And I swear I'll become your heart within your chest
That illuminates the signs on the side of the road

I mean this so much it must hurt
As I'm watching you, watching you, take, off with your,
off with your, take
I mean this so much it must hurt
As I'm watching you, watching you, take, off with your,
off with your, take

Close your eyes and I will kiss but not tell
I can be naughty cos I'm, already going to hell
And when you wake up I'll borrow your make up

And when we break up, I promise to wait up
All night long screaming I will, I will, I will, I will fix you
I will, I will, I will, I will fix you

Down girl, Down girl
This ones for you
I held my tongue, it screams ?Hey Hey?

The rabbits told me to love you
And so I threw them all away

Down girl, Down girl
This ones for you
I held my tongue, it screams ?Hey Hey?
The rabbits told me to love you
And so I threw them all a-

Close your eyes and I will kiss but not tell
I can be naughty cos I'm, already going to hell
Now when you wake up I'll borrow your make up
And when we break up, I promise to wait up
All night long screaming I will, I will, I will, I will (uh, uh)

I will, I will, I will, I will fix you
I will, I will, I will, I will fix you
I will, I will, I will, I will fix you, I'll fix you.
