Ladies and gentlemen can I  
Say this story seems alive away from you  
We'll hope for love on hotel floors  
And write a history for teens with dreamer's truths

Then he looked her in the eye  
She considers hiding spades and trumps so bland  
Suck a crush of subtle ties  
And disclaimers with for wings in idle hands  
And he said baby jump

(Oh, oh, oh, oh)  
From the hospital  
We're honorary members of the red carpet academy,  
saying  
(Oh, oh, oh, oh)  
From the hospital  
We're honorary members of the red carpet academy

So wrap your lips around these lies  
(Just to fall in love girl, love girl tonight)  
Into my arms into the sea  
(Just to fall in love girl, love girl tonight)

Ladies and gentlemen the truth  
Definition of your tongue packed full of slick  
And this relationship will sink  
In this hostile plague of hospital soundtrack

(Oh, oh, oh, oh)  
From the hospital  
We're honorary members of the red carpet academy,  
saying  
(Oh, oh, oh, oh)  
From the hospital  
We're honorary members of the red carpet academy

So wrap your lips around these lies  
(Just to fall in love girl, love girl tonight)  
Into my arms into the sea  
(Just to fall in love girl, love girl)  
Oh, we're playing at a home team quarter breaker

We're swaying for the home team swimming alone  
(Just to fall in love girl, love girl tonight)

Then she said  
All this intimacy  
Well you stitched my throat here like a shotgun so  
So put your hands up hun, start up the machine  
And can I ask you one more question?  
Said all this, into the sea  
Well you stitched my throat here like a shotgun so  
So put your hands up fox, start up the machine  
And can I ask you one more question?  
Said oh

Ole

So wrap your lips around these lies  
(Just to fall in love girl, love girl tonight)  
Into my arms into the sea  
(Just to fall in love girl, love girl)  
Whoa wa oh  
We're playing at a home team quarter breaker  
(Just to fall in love girl, love girl tonight)  
We're swaying for the home team swimming alone  
(Just to fall in love girl)  
So don't you swim alone tonight

(Oh, oh, oh, oh)  
From the hospital  
We're honorary members of the red carpet academy,  
saying  
(Oh, oh, oh, oh)  
From the hospital  
We're honorary members of the red carpet academy
