

Short Stack "Princess"

Visit "[Princess](#)" on MotoLyrics.com

This incentive represents this dimly lit room just a
minute in
My heart beat, beat climbs in sync with captivate me as
you she'd your skin

Princess
Why you so contagious?
Every single step
Breaks every single breath
Princess
Why you so contagious?
Every single step (ba ba da)
Breaks every single breath (ba ba da)
Tell me anything and everything will be okay

It's exclusively illusive
Loosely wrapping scars
(Tell me anything and everything will be okay)
(Tell me anything and everything will be okay)
Eighteen clichés clash where we lay, overboard
You took my breath away
(Tell me anything and everything will be okay)
(Tell me anything and everything will be okay)

Hey, hey, hey

Princess
Why you so contagious?
Every single step (ba ba da)
Breaks every single breath (ba ba da)
Princess
Why you so contagious?
Every single step (ba ba da)
Breaks every single breath (ba ba da)
Tell me anything and everything will be okay

Hey, hey, hey

Princess
Why you so contagious?
Every single step
And every single breath

Princess
Why you so contagious?
Every single

Ba ba da
Ba ba da
Oh

Princess
Why you so contagious?
Every single step (ba ba da)
Breaks every single breath (ba ba da)
(Tell me anything and everything will be okay)
Princess
Why you so contagious?
Every single step
Breaks every single breath
Tell me anything and everything will be okay

(Princess, why you so contagious? Everything you say,
Everything will be okay)
And everything will be okay
And everything will be okay
(Princess, why you so contagious? Everything you say,
Everything will be okay)
And everything will be okay
Tell me anything and everything will be okay
