All this love has got me feeling alive
But alive is just a letter without life
And a letter that could do us no better
Set in stone remember me forever, forever
And she swept me right off my feet
And stole my last breath
And I stole her sheets
And then she confessed
I hate you more than you hate me boy
But I don't give a damn
So kiss me under water with your hands

And I don't care about the ambulance
Nostalgia knows her name
They call her loner, they call her loner
And I'd be ever so inclined one day
To rain on her parade like I don't know her
Like I don't know her
Capture her embrace

And all this lust has got me feeling inspired
So burn the carnivals down in our minds
From the first cut to last incisions
Two tiny worlds brace for our collisions alone
And she swept me right off my feet

When don't care about the ambulance
Nostalgia knows her name
They call her loner, they call her loner
And I'd be ever so inclined one day
To rain on her parade like I don't know her
Like I don't know her
And capture her embrace

Oh oh

When I don't care about the ambulance
Nostalgia knows her name
They call her loner
And I'd be ever so inclined one day
To rain on her parade like I don't know her
Like I don't know her

(Capture her embrace)
And I'd be ever so inclined one day
To rain on her parade
(Capture her embrace)
And I'd be ever so inclined one day
To rain on her parade
(Capture her embrace)
And I'd be ever so inclined one day
To rain on her parade
(Capture her embrace)
And I'd be ever so inclined one day
To rain on her parade
