Reach for the stars kid, I've been wondering,
Heavens not to far kid, We've been tumbling,
Down down baby coz you're so audio
But I'm a gentlemen, I'm such a gentlemen,
We keep it time kid, You're so into it,
But if you were mine kid, We'd be intermate Oh
These razors ain't your roses,
But I'm a gentlemen, I'm such a gentlemen,

Sway sway baby, Coz you're so audio,
Kill your boyfriend, We could be together, oh
Sway sway baby tonight, Maybe tonight
You'll right back to my letters home,

We'll never let go, We'll never let go,
We'll never let go, We'll never let..

We're torn apart kid, Tearin' to the beat,
Lovers to the bone kid, You said no no no,
Now these razors ain't your roses,
But I'm a gentlemen, I'm such a gentlemen,

Sway sway baby, Coz you're so audio,
Kill your boyfriend, We could be together, oh
Sway sway baby tonight, Maybe tonight
You'll right back to my letter,

Sway sway baby, Coz you're so audio,
Kill your boyfriend, I'm such a gentlemen, oh
Sway sway baby tonight, Maybe tonight
You'll right back to my letters home,

Coz I insist this secret liquid shared between us
just to skip the secrets through our throat,
oh oh, secrets down our throat,
Coz I insist this secret liquid shared between us
just to skip the secrets down our throat,
Oh oh, Secrets down our...
Well I'll ne-ver let you go, (I'm such a gentlemen, I'm
such a gentlemen)
And I'll never let you go, (I'm such a gentlemen)

(****In Bathroom with hair dryer blowing****)

Sway sway baby your so.....
well this is awkward

Sway baby, Sway baby, Oh
We'll love like hell

Sway sway baby, Coz you're so audio,
Kill your boyfriend, We could be together, oh
Sway sway baby tonight, Maybe tonight
You'll right back to my letter,
Sway sway baby, Coz you're so audio,
Kill your boyfriend, (We could be together), oh
Sway sway baby tonight, Maybe tonight
You'll right back to my letters home,

We'll never let go, We'll never let go,
We'll never let go, We'll never let go,
We'll never let go, We'll never let go,
(Coz I insist this secret liquid shared between us
just to skip the secrets down our throat,
W'ell never let go)

(Why are you still in my room??)
