I wrapped your heart around the sleeves so tight,  
That misery would swallow and,  
I'd become the night,  
But I won't rest,  
Unless,  
You're by my side

Yeh, I won't rest,  
Unless,  
You're by my side,  
Right,

(Mercury)  
There's no place I would rather be than here,  
(Mercury)  
There's no place I would rather be than here,  
(Mercury)  
There's no place I would rather be than here,  
(Mercury)  
There's no place I would rather be than here,
