Bled dry  
A bullet never lies  
Look into my eyes girl  
Would I lie to you?

Stained grave  
Do you feel the same way?  
Tears run down my spine girl  
Would I lie to you?

Start the engine to my car I feel that  
Romance will take the back seat tonight  
Part the seal to my heart  
I feel that my chance is under the moonlight

Watch the world  
(It is disaster)  
Let it bleed  
(Forever after)  
As I lay you took my breath away (you took my breath  
away)  
Watch the world  
(It is disaster)  
Let it bleed  
(Forever after)  
As I lay you took my breath away

Sorrow wait until tomorrow  
Hold me close never go  
Know that I would lie to you

Insane  
I still feel that sharp pain  
Running down my spine girl  
Could I die for you?

Watch the world  
(It is disaster)  
Let it bleed  
(Forever after)  
As I lay you took my breath away  
Watch the world

(It is disaster)  
Let it bleed  
(Forever after)  
As I lay you took my breath away

Forever just won't be the same  
Still I forgive you the pain  
Take these broken wings fly from the heart you stole  
Cutting your dress on the floor  
Still I forgive you once more  
Take these broken wings fly from the heart you stole

Watch the world  
Let it bleed  
As I lay you took my breath away

Watch the world  
Let it bleed  
As I lay you took my breath away  
Watch the world  
(It is disaster)  
Let it bleed  
(Forever after)  
As I lay you took my breath away
