Bled dry,
A bullet never lies
Look into my eyes girl,
Would i lie to you?

Stained grave,
Do you feel the same way
Tears run down my spine girl
Would i lie to you?

Start the engine to my car
I feel that romance will take the back seat
(tonight)
Part the seal to my heart,
I feel, that my chance is under the moonlight

CHORUS(X2)
Watch the world
(it's a disaster)
Let it bleed
(forever after)
As i lay you took my breath away...

Sorrow wait until tomorrow
Hold me close never go
Know that i would lie to you

Insane, i still feel that sharp pain
Running down my spine girl
Girl i'd die for you

CHORUS(X2)
Watch the world
(it's a disaster)
Let it bleed
(forever after)
As i lay you took my breath away..

Forever just won't be the same
Still i forgive you the pain
Take these broken wings fly from the heart you stole..

I cut an address on the floor

Still i forgive you once more,
Take these broken wings fly from the heart you stole..

Watch the world
Let it bleed
As i lay you took my breath away..

Watch the world
Let it bleed
As i lay you took my breath away

CHORUS
Watch the world
(it's a disaster)
Let it bleed
(forever after)
As i lay you took my breath away..
