Close your eyes,
I can't see you
Any more than i can see me here with you
And I'll defy the whole galaxy
Just to be here in your arms under the moon

Just so you know
I'm in over my head
And i can't touch the ground
But nothing is going to stop me now

Wendy
We'll defy the stars together on the moon
For you singing
Wendy
So wrap around me
Forever, forever for you

Dry your eyes, little darling
And I'll break just break like china doll in two
And my disguise
Little darling
Is a hole inside my heart that's built for two

Just so you know
I'm in over my head
And i can't touch the ground
But nothing is going to stop me now

Wendy
We'll defy the stars together on the moon

For you singing
Wendy
So wrap your arms around me
Forever, forever, for you

(Wohh!)

This is the last time
I won't apologise to you
No matter what I've done

This is the last time
Looks like we won't pull through
So baby let it shine
So baby let it shine

So baby let it shine!
We'll defy the stars together on the moon
For you singing
Wendy
So wrap around me
Forever, forever for you

Wendy
We'll defy the stars together on the moon
For you singing
Wendy
So wrap around me
Forever, forever for you...
