It's 10 pm son and you're  
Flickin' your Fingers  
Agitation over a pixel screen  
Click on me boy  
Click on me  
I like the right kind a music and the right kind a movies  
Click on me boy  
Click on me  
I'm a classy collegiate for the right kind of mating  
So what you watin' for sailor  
I'm a riot on my knees

So cum inside and I'll help you find my face  
A lock  
A bolt  
A screw  
It's open to you I'm Sara  
It's open to you

So cum inside and I'll help you find my face  
A lock  
A bolt  
A screw  
It's open to you I'm Laura  
It's open to you

See my arms  
And  
See my legs  
There's no shame in seein'  
All the rest  
No red light districts in the shape of Calcutta  
No 1-900-blow job numbers  
I chose my starvation  
It's an eating disorder  
Like I  
Chose you as my prey  
Click on me boy  
Click on me  
I'm a rare bird called a Cock-A-Tease  
You gonna pay for my attention?

Or pay attention to me?  
So cum inside and I'll help you find my face  
A lock  
A bolt  
A screw  
It's open to you I'm Jennifer  
It's open to you

So cum inside and I'll help you find my face  
A lock  
A bolt  
A screw  
It's open to you I'm Jessica  
It's open to you

Am I young enough?  
Am I small enough?  
How big of you brother to be big enough  
Am I hot enough?  
Am I cooked enough?  
What kind of produce could ya produce for me?  
Click on me boy  
Click on me  
Are my pictures worth a comment for beauty?  
Don't spoil our fun sugar cause this is what we need

So cum inside and I'll help you find my face  
A lock  
A bolt  
A screw  
It's open to you I'm Rachel  
It's open to you

So cum inside and I'll help you find my face  
A lock  
A bolt  
A screw  
It's open to you I'm Rebecca  
It's open to you

I'm open to till you're done
