[Brainz Davis - Intro]

This right here man, I need y'all to open your ears  
Kick ya feet up, getcha drinks, light ya a smoke,  
whatever you wanna do  
But I know you been wonderin where a nigga been at  
for a while  
I've been at the lab puttin shit down but..  
The first time a nigga came out, a nigga went  
through some shit, knowhat! I'm sayin? And I want y'all to  
check this out  
Here go the whole story, listen...listen

Man I was quickly introduced to the - gaaaame  
Before I even knew the ins and outs appears in the -  
gaaaame  
Before I even knew that fame would bring a shitload of  
- paaaain  
from tryna manipulate ya brain and squeezin juice out  
ya - naaaame  
I'll take y'all back in the beginning when I steeped out  
the - PLAAAANE  
Surprised eyes big as fuck man like a fiend on some -  
'caaaaine  
I had a little bit to loose but a whole lot to - gaaaain  
Especially wit this nigga Biv say he my right-hand -  
MAAAAYNE!  
He gave me dap, welcomed me in and then we hit  
baggage - claaaaim  
and then we jumped off in the ride and started dippin  
some - laaaanes  
Man as we hit a couple blocks I'm seein Hollywood,  
shit! This that  
city with them women that be on Soul - Traaaain  
So then we pulled up at the hotel, gave the valet the -  
Raaaange  
Ay y'all I'm stayin in the hotel filled wit stars it's so -  
straaaange  
like this is finally the chance to get my fam out the -  
raaaain  
Aiyyo this all sound good, but it don't all stay the -  
saaaame

[Chorus]

I got a whole lotta shit on my chest, so man I'm spillin  
my guts  
{\*breathing\*} (IN-HALE) Ay dog, I'm lettin it out  
I had a whole lotta time to rest, so yes I'm spillin my  
guts  
{\*breathing\*} (EX-HALE) Ay dog I'm lettin it out  
And you the one to blame for taking the change so man  
I'm spillin' my guts  
{\*breathing\*} (IN-HALE) Ay dog, I'm lettin it out  
Because of you my first lesson in the game so I'm  
spillin my guts  
{\*breathing\*} (EX-HALE) Ay dog, I'm lettin it ouuuut

So then we kicked it to the mall for some - clooooothes  
and spend a couple digit thou's and niggaz strikin the -  
pooooose  
Ay ya'll I finally got my break and get the lead out the -  
floooooows  
To my surprise it's Biv's direction just the way that it -  
goooooes  
I can't complain cause I was robbed just missin  
jailhouse - dooooooughs  
He knocked the kinks up off the nigga, turned a weed  
to a - roooolls  
So we recorded "Oochie Coochie" one of my first vide-  
ooooos  
And then we tried it on Apollo just to see if it - groooooows  
I got a, standing ovation, one of my best damn -  
shooooows  
I just introduced myself to the world, I gotta stay on my  
- tooooooes  
So then the label called Mike, but they was speechless  
and - frooooozed  
They needed an album in 30 days, I'm like in three  
studi-ooooos  
I bang it out man I keep droppin poppin plenty, no -  
doooooopes  
to keep an eye on what I'm writin, 'nother eye on my -  
foooooes  
I'm sixteen but I ain't sweet, I'm heated, 'xpected to -  
bloooow  
I'm tryna get used to this new style, it ain't the same as  
be-foooore

[Chorus]

The album drops, I'm bustin sweats in the - liliights  
and every city that I go, I'm known to get the crowd -  
hyyyype

Yo let me tell y'all what was dealt and what I felt wah'n't  
- riiiight  
I'm bustin ass and makin cash but it ain't none in my -  
siiiight  
Oh yeah, he gave me peanuts just so he could  
and I was open for this shit cause he was changin my -  
liiiife  
I mean I signed my contract when I was fresh off the -  
miiiic  
Off at the lab with no attorney - that was fucked up,  
Mike  
You was my label and my manager - that's fucked up,  
Mike  
And yo that publishing you took - man that was fucked  
up, Mike!  
But it's cool, cause I do this just like I'm ridin a - biiiike  
and goin through that shit with you was just a part of  
my - fiiiight  
I usta have you in my dreams when I was sleep in the -  
NIIIIIGHT  
Man you was runnin lookin scared 'cause I was clutchin  
my - piiiipe  
But then I shake it off and wake up, everything be al-  
riiiiight  
You gotta answer for them scenes when you takin ya -  
fliiiight

[Chorus]
