Turn it inside out so I can see  
The part of you thats drifting over me  
And when I wake you're, you're never there  
And when I sleep you're, you're everywhere  
You're everywhere  
Just tell me how I got this far  
Just tell me why you're here and who you are  
Cause everytime I look you're never there  
And everytime I sleep you're always there  
Cause you're everywhere to me  
And when I close my eyes It's you I see  
You're everything I know that makes me believe  
I'm not alone  
I'm not alone  
I recognize the way you make me feel  
It's hard to think that you might not be real  
I sense it now, the water's getting deep  
I try to wash the pain away from me  
Away from me  
Cause you're everywhere to me  
And when I close my eyes it's you I see

You're everything I know that makes me believe

I'm not alone

I'm not alone

I when I touch your hand

It's then I understand

The beauty that's within

It's now that we begin

You always light my way

I hope there never comes a day

No matter where I go

I always feel you so

Cause you're everywhere to me

And when I close my eyes it's you I see

You're everything I know that makes me believe

I'm not alone

Cause you're everywhere to me

And when I catch my breath it's you I breathe

You're everything I know that makes me believe

I'm not alone

You're in everyone I see

So tell me

Do you see me
