Turn it inside out so I can see

The part of you that's drifting over me

And when I wake you're never there

But when I sleep you're everywhere

You're everywhere

Just tell me how I got this far

Just tell me why your here and who you are

'Cause every time I look

you're never there

And every time I sleep

you're always there

Chorus:

'Cause your everywhere to me

And when I close my eyes it's you I see

You're everything I know

that makes me believe

I'm not alone

I'm not alone

I recongize the way you make me feel

It's hard to think

you might not be real

I sense it now, the water's getting deep

I try to wash the pain away from me

Away from me

'Cause you're everywhere to me

And when I close my eyes it's you I see

You're everything I know

that makes me believe

I'm not alone

I'm not alone

I am not alone

Whoa, oh, oooh, oh

And when I touch your hand

It's then I understand

The beauty that's within

It's now that we begin

You always light my way

I hope there never comes a day

No matter where I go

I always feel you so

'Cause you're everywhere to me

And when I close my eye's it's you I see

You're everything I know

that makes me believe

I'm not alone

'Cause you're everywhere to me

And when I catch my breathÂ

It's you I breathe

You're everything I know that makes me believe

I'm not alone

You're in everyone I see

So tell me

Do you see me
