Turn it inside out so I can see
The part of you that's drifting over me
And when I wake you're, you're never there
When I sleep you're, you're everywhere
You're everywhere
Just tell me how I got this far
Tell me why you're here and who you are
Cuz everytime I look you're never there
And everytime I sleep you're always there
Cuz you're everywhere to me
And when I close my eyes it's you I see
You're everything I know that makes me believe
I'm not alone
I'm not alone
I recognize the way you make me feel
It's hard to think that you might not be real
I sense that now the water's getting deep
I try to wipe the pain away from me (away from me)
Cuz you're everywhere to me
And when I close my eyes it's you I see
You're everything I know that makes me believe

I'm not alone

I'm not alone

I'm not alone

When I touch your hand

It's then I understand

The beauty lies within

It's now that we begin-and

You always like my way

There never comes a day

No matter where I go

I always feel you soar

Cuz you're everywhere to me

And when I close my eyes it's you I see

You're everything I know that makes me believe

I'm not alone

Cuz you're everywhere to me

And when I catch my breath it's you I breathe

You're everything I know that makes me believe

I'm not alone

You're in everyone I see

So tell me

Do you see me
