Turn it inside out so i can see,
the part of you that's drifting over me
and when I wake you're, you're never there
and when I sleep you're, you're everywhere, you're
everywhere
Just tell me how I got this far,
just tell me why you're here and who you are,
cuz everytime I look, you're never there,
and everytime I sleep, you're always there
Chorus:
Cuz you're everywhere to me,
and when I close my eyes it's you I see
you're everything I know that makes me believe,
I'm not alone, I'm not alone
I recognize the way you make me feel
it's hard to think that you might not be real,
and since that now the water's getting deep,
I try to wash the pain away from me, away from me
(Repeat Chorus)
(I'm not alone)
When I touch your hand, it's then I understand

that beauty lurks within, it's now that we begin,
you always light my way, there never comes a day
no matter where I go, I always feel you so
Cuz you're everywhere to me,
and when I close my eyes it's you I see
you're everything I know that makes me believe,
I'm not alone
Cuz you're everywhere to me,
and when I catch my breath, it's you I breathe
you're everything I know that makes me believe
I'm not alone
You're in everyone I see,
so tell me
Do you see me
