Turn it inside out so I can see
The part of you thats drifting over me
And when I wake you're, you're never there
And when I sleep you're everywhere, your everywhere
Just tell me how I got this far
Just tell me why you're here and who your are
Cuz everytime I look you're never there
And everytime I sleep you're always there
Cuz your everywhere to me
And when I close my eyes its you I see
You're everything I know that makes me believe
I'm not alone
I'm not alone
I recognize the way you make me feel
It's hard to think that you might not be real
I sense that now the waters getting deep
I try to wash the pain away from me(away from me)
Cuz your everywhere to me
And when I close my eyes it's you I see
You're everything I know that makes me believe
I'm not alone

I'm not alone

I'm not alone

When I touch you're hand

It's then I understand

The beauty that's within

It's not where we begin

You always light my way

There never comes a day

No matter where I go

I always feel you so

Cuz you're everywhere to me

And when I close my eyes it's you I see

You're everything I know that makes me believe

I'm not alone

Cuz you're everywhere to me

And when I catch my breathe it's you I breathe

You're everything I know that makes me believe

I'm not alone

You're everyone I see

So tell me do you see me
