Turn it inside out so I can see
The part of you that's drifting over me
And when I wake you're never there
And when I sleep you're everywhere
You're everywhere
Just tell me how I got this far
Just tell why you're here and who you are
Cause everytime I look
You're never there
And everytime I sleep
You're always there
Cause you're everywhere
To me and when I close me eyes
It's you I see
And everything I know
That makes me believe
I'm not alone...I'm not alone
I recognize the way you make me feel
It's hard to think you might not be real
I sense it now the waters getting deep
I try to wash the pain away from me

Away from me
Cause you're everywhere
To me and when I close my eyes
It's you I see
And everything I know
That makes me believe
I'm not alone..
I'm not alone
I am not alone
When I touch your hand
It's then I understand
It really lives within
It's now that we begin
You always light my way
Whenever comes the day
No matter where I go
I always feel you so
Cause you're everywhere to me
And when I close my eyes
It's you I see
And everything I know
That makes me believe
I'm not alone...
Cause you're everywhere to me
And when I catch my breath

It's you I breathe

And everything I know

That makes me believe

I'm not alone...

You're in everyone I see

So tell me

Do you see me
