She's his yellow brick road
Leading him on
And letting go as far
As she lets him go
Going down to nowhere
She puts on her make-up
The same way she did yesterday
Hoping everything's the same
But everything has changed
In my mind
Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to
At night
He wakes up to the sounds
So scared that she's leaving
He wishes she were still
Asleep next to him
Hoping she will change
In my mind

Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to
At night
You give me something to sleep to
And all I know is
You give me something to dream to
When I'm all alone and blue
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
In my mind
Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to
Something to sleep to
Something to sleep to at night
