So I'm a little left of center
I'm a little out of tune
Some say I'm paranormal
So I just bend their spoon
Who wants to be ordinary
In a crazy, mixed up world
I dont care what they're sayin'
As long as I'm your girl
Hey, you are on my side
And they, they just roll their eyes
You get me
When nobody understands
You come and take the chance, baby
You get me
You look inside my wild mind
Never knowing what you'll find
And still you want me all the time
Yeah, you do
Yeah, you get me
So what if I see the sunshine
In the pouring rain

Some people think I'm crazy
But you say it's okay
You've seen my secret garden
Where all of my flowers grow
In my imagination
Anything goes
I, I am all you want
They, they just read me wrong
You get me
When nobody understands
You come and hold my hand, baby
You get me
You look inside my wild mind
Never knowing what you'll find
Still you want me all the time
Yeah, you do
'cause you get me
Hey, you are on my side
They, they just roll their eyes
Yeah, yeah, yeah
'Cause you get me
When nobody understands
You come and take the chance, baby
You get me
When none of the pieces fit

You make sense of it

You get me

You look inside my wild mind

Never knowing what you'll find

And still I want you all the time

Yeah I do

'Cause you get me

Yeah, oh, yeah, oh
