Pardon me mister  
Don't mean to interrupt  
I can see you're busy  
And I'm sure you're in a rush  
But I couldn't let this chance pass me by  
Can I have just 5 minutes of your time

You're trying hard to  
Place where we have met before  
But I'm a stranger  
I just watch you from afar  
And I know you must be wondering why  
I would need just 5 minutes of your time

I've tried a million ways to get thru to you  
And now that I've got you in front of me  
I'm not sure what to do  
Should I sing to you  
Or weave words that speak to you  
Or leave it up to fate  
The fact that it brought us here together today  
Has got to carry some weight

You won't regret it  
That I can assure you  
I know that once upon a time  
You probably asked someone to do the same for you  
But we could make magic together you and I  
If you give me 5 minutes, won't you give me 5 minutes  
Won't you give me 5 minutes of your time
