It's 5 o'clock in the morning
And we still seem to be going
Round in circles
What good am I to you
If I can't carry the weight around for two

I heard that whistle blow
I'm punching my card
They tell me that true love
Shouldn't be this hard

Well a warrior lives inside of me
But she's weary of the fight
I am afraid that it's quittin' time
I'm the first on the job
I'm the last one to leave
You still don't seem to appreciate me
I never thought I would say but it's
Quittin' time

Where's the pay off for the blood
The sweat and tears
I've been punished for your fears
It's all so hurtful
But no tool that I have used
Has ever been strong enough
To see us through

I heard that whistle blow
I'm punching my card
Cuz baby true love
Shouldn't be this hard

Well a warrior lives inside of me
But she's weary of the fight
I am afraid that it's quittin' time

I'm the first on the job
I'm the last one to leave
You still don't seem to appreciate me
I am afraid that it's quittin' time
Yes I never thought I would say but it's
Quittin' time
I am afraid that it's quittin' time
