When I walk in a room
I'm never the prettiest girl
I probably won't ever save a life
Or change more than my little corner of the world

But if you're lucky enough to get to feel my love
There's no end to my capabilities
And if you took the time then you might just learn
I wear the very best part of me on my sleeve

No I'm not trying to hook ya
There're no smoke and mirrors
Darlin' when I love
No I'm not trying to break ya
There's no bait and switchin'
Darlin' when I love

Now I've been clocking you and I'm aware
What kind of woman catches your eye
I'm not a goddess or a millionaire
I never had my name written up in lights

In the ways that you're typically looking for
I am less than extraordinary
But when the crowd clears and you are left alone
I'll be there at the side waiting patiently

No I'm not trying to hook ya
There're no smoke and mirrors
Darlin' when I love
No I'm not trying to break ya
There's no bait and switchin'
Darlin' when I love
What you see is what you get
And you ain't had better yet
Than when I love

If it's a race to the finish then I might not win it
But I got what it takes to endure
And while you may be the last one to realize
I will make you forget all the ones before

No I'm not trying to hook ya
There're no smoke and mirrors
Darlin' when I love
No I'm not trying to break ya
There's no bait and switchin'
Darlin' when I love
What you see is what you get
And you ain't had better yet
Than when I love
