[Verse One] [Phonte] Yo, yo yo yo yo Call me a sex god
cause I'm willin' to do what you only imagine in dreams
That triple lick, that you only see in scenes That don't
need little blue pills of ginseng Just wanna see your
booty pop out the inseams Then we can do what we do
It's kinda strange isn't it Cause on the streets we like
Bill and Camille But in the sheets we go to war like Mr.
& Mrs. Smith Phontigga got your love on lock And
everybody wanna ask me how (Say what?!) Cause I'm
the only dog that tames your sex kitten You pussy's the
cats meow, rrrraaarr C'mon [Brand New Heavies]
Baby don't take too long Move too slow and I'll be gone
Make a move right now so I can feel you close don't
hesitate now Baby you're off the chain Wanna hear you
call my name But I can't be a victim Hurry up and make
a play for me [Chorus] [Brand New Heavies] All I want
to do is love I want to know Baby boy can get it low? I
want you now Will you give me hello? How bad do you
want more? Baby boy I could just eat you up How bad
do you want more? Baby boy I could just eat you up
Knock on my door tonight I can't wait for you to come
inside Knock on my door tonight I can't wait for you to
come inside [Verse Two] [Brand New Heavies] Hey
there big and strong I wanna be your baby doll So walk
across the floor and come and get me Come on now
You know that I like to play It doesn't matter what time
of day So drop that shy emotion Get a grip let's get it
on Let's get it on [Chorus] [Brand New Heavies] All I
want to do is love I want to know Baby boy can get it
low? I want you now Will you give me hello? How bad do
you want more? Baby boy I could just eat you up How
bad do you want more? Baby boy I could just eat you up
Knock on my door tonight I can't wait for you to come
inside Knock on my door tonight I can't wait for you to
come inside All I want to do is love I want to know I want
you now [Phonte] Yes yes, ah Phontigga, make the
body rock and DJ Spinna, make the body rock and
