"Get With Me"

Visit "[Get With Me](#)" on MotoLyrics.com

You can say anything
That I haven't heard before
So don't you think?
Your words will be
The key to open up that door
Cause I don't need someone to be
Around to put a smile on me
And you know it's plain to see
You only want to get with me, baby

1 - I can't believe that you're try-na get with me
With all those same old lies
You say that I'm just like the type of girl but
I don't have the time to get caught up in your silly game
I know you're full of lies
I don't need you in my life

2 - Is there anything you wouldn't say tonight?
Just to get with me
Am I gonna have to catch you in a lie?
I know that I don't really wanna hear the same old lies
For you to get with me
Is there anything that you wouldn't do?
Is there anything you wouldn't say to get with me?

I'm tired of lies
I'm tired of cheating
All those foolish lies won't work with me
Can't get to me talking to sweet
Cause I know you'd say anything
To get with me probably have somebody already
waiting
Calling me your only girl
Like you're the only one in the world

Repeat 1

So tell me...

Repeat 2

Do you really think I'd fall for that this time?
Do you really think I'd never realize?
Do you really think you'd have the chance?
To come at me again with those lies
All I wanted was to fall in love
I think I've really had enough
See I've seen it all before
So you'd better close the door before it hits you in the
back
This time baby!

{Rodney Jerkins ad-libs}

Get with me, get with me
I don't need you in my life

Repeat 2 till end
